Oliver Gardens Limited Dividend Housing Association Limited Partnership

MSHDA Development No. 3007

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Nature of Business

Oliver Gardens Limited Dividend Housing Association Limited Partnership (the "Partnership") was formed as a limited partnership under the laws of the State of Michigan on June 30, 2006, under the Michigan Uniform Limited Partnership Act, for the purpose of acquiring, rehabilitating, and operating a rental housing project, as regulated by the Michigan State Housing Development Authority. The project consists of 30 units located in Lansing, Michigan and is currently operating under the name of Oliver Gardens. Project operations began during July 2007.

Agreements with MSHDA provide for the regulation of rental charges, restrictions on the disposition of property, and limitations on annual cash distributions to partners.

The building of the project has qualified for and been allocated low-income housing tax credits pursuant to Internal Revenue Code Section 42 (Section 42), which regulates the use of the project as to occupant eligibility and unit gross rent, among other requirements. The building of the project must meet the provisions of these regulations during each of 15 consecutive years in order to remain qualified to receive the credits. In addition, the Partnership has executed an extended-use agreement, which requires the utilization of the project pursuant to Section 42 for a minimum of 30 years, even if the Partnership disposes of the project.

Under the terms of the Regulatory Agreement executed in connection with obtaining a mortgage loan, the Michigan State Housing Development Authority regulates distributions to partners and requires funding of various escrows and reserves.

Note 2 - Significant Accounting Policies

Basis of Accounting

The Partnership maintains its accounting records and prepares its financial statements on an accrual basis, which is in accordance with accounting principles generally accepted in the United States of America.

Classification of Assets and Liabilities

The financial affairs of the Partnership do not generally involve a business cycle. Accordingly, the classification of assets and liabilities between current and long term is not used.

As required by MSHDA, certain items in the financial statements have been designated as operating items, as they relate to the operation of the housing project, and certain items have been designated as partnership items, as they relate to the operation of the Partnership that owns the housing project.

Adoption of New Accounting Pronouncement

As of January 1, 2019, the Partnership adopted the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*. The ASU requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash and cash equivalents. There was not a significant impact on the changes in cash, cash equivalents, restricted cash, and restricted cash equivalents for the year ended December 31, 2019 as a result of adopting the new guidance.

Payments in Lieu of Property Taxes

The Partnership is a participant in a tax abatement program providing for payments in lieu of property taxes. The payments are computed as 10 percent of the net of 95 percent of rental income, less utilities expense. The payments are deducted in the statement of operations in the year in which the related rental income and utilities expense are recognized.

Notes to Financial Statements

December 31, 2019 and 2018

Note 2 - Significant Accounting Policies (Continued)

Tenant Accounts Receivable

Tenant accounts receivable are stated at net rent amounts. The Partnership considers any tenant accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts are determined to be uncollectible, they are charged to operations at that time.

Rental Income

The Partnership records apartment rentals at gross potential rent, as adjusted for vacancy loss, as prescribed by MSHDA. Rental value of vacancies is stated separately to present net rental income. Units that are designated for occupancy by eligible low-income tenants under a Section 8 housing assistance payment contract require tenants to contribute a portion of the contract rent based on formulas prescribed by the U.S. Department of Housing and Urban Development (HUD). Housing assistance payments are received for the balance of contract rent from HUD. The current contract expires on July 31, 2022. Total subsidy income recorded for the years ended December 31, 2019 and 2018 was \$197,045 and \$191,445, respectively.

Property and Equipment

Property and equipment are recorded at cost. The straight-line method is used for computing depreciation and amortization. Assets are depreciated over their estimated useful lives. Buildings are depreciated over 40 years, land improvements are depreciated over 15 years, and furniture and fixtures are depreciated over 5 years. Costs of maintenance and repairs are charged to expense when incurred.

Depreciation expense for property and equipment totaled \$140,260 and \$140,332 for the years ended December 31, 2019 and 2018, respectively.

Tenant Security Deposits

The Partnership maintains a tenant security deposit account to cover the security deposit liability. The account consists of cash.

Income Taxes

The Partnership is treated as a partnership for federal income tax purposes. Consequently, federal income taxes are not payable or provided for by the Partnership. Partners are taxed individually on their pro rata ownership share of the Partnership's earnings. The Partnership's net income or loss is allocated among the partners in accordance with the Partnership's operating agreement.

Partner Allocation of Profits and Losses

The Partnership has one general partner, Oliver Gardens, LLC (the "General Partner"), which has a 0.01 percent interest, and one limited partner, NEF Assignment Corporation (the "Limited Partner"), which has a 99.99 percent interest.

Generally, profits and losses are allocated 0.01 percent to the General Partner and 99.99 percent to the Limited Partner.

Distributable cash flow, as defined by the operating agreement, is distributable as follows:

1. To the Limited Partner to the extent of any amount that the Limited Partner is entitled to receive to satisfy any payment required pursuant to the credit adjusters section in the partnership agreement
2. To the developer to pay any unpaid balance on the deferred development fee
3. Payment of any accrued and payable asset management fees to the asset manager

Notes to Financial Statements

December 31, 2019 and 2018

Note 2 - Significant Accounting Policies (Continued)

4. To the operating reserve account until such time as such account is equal to the operating reserve target amount
5. To pay any accrued and unpaid interest and unpaid principal on loans made by the Limited Partner
6. To pay any accrued and unpaid interest and unpaid principal on loans made by the General Partner
7. To the General Partner (in order of loans made, with earlier loans repaid in full before subsequent loans are repaid) to repay any amounts treated as loans to the Partnership (without interest) by the General Partner pursuant to the partnership agreement
8. A total of \$10,000 to the General Partner as a partnership management fee, on a cumulative basis
9. If any remaining cash flow shall be distributed, it is distributable 80 percent to the General Partner and 20 percent to the Limited Partner.

Deferred Tax Credit Costs

Tax credit fees are amortized using the straight-line method over 15 years. Tax credit fees amount to \$22,917 as of December 31, 2019 and 2018. Amortization expense was \$1,528 for each of the years ended December 31, 2019 and 2018. Accumulated amortization was \$19,862 and \$18,334 as of December 31, 2019 and 2018, respectively.

Impairment or Disposal of Long-lived Assets

The Partnership recognizes impairment of long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount. No impairment of the Partnership's rental property has occurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 24, 2020, which is the date the financial statements were available to be issued.

Note 3 - Escrows and Reserves

The operating assurance reserve, replacement reserve, and taxes and insurance reserve are maintained under the control of the mortgagee for the benefit of the project. These reserves are restricted as to their use based upon the applicable regulatory documents.

It is MSHDA's position, under Michigan statute, that project cash surplus cannot be used to pay off the MSHDA mortgage, and, upon such payoff from other funds, MSHDA is entitled to any surplus cash, including reserves and escrows remaining at such time as is in excess of the maximum cash return allowable to the property owners set forth in the Regulatory Agreement at such time as the loan was consummated. The potential amount to be returned upon such an event cannot be determined, and, as such, no related amounts have been reflected in the financial statements.

Note 6 - Current Vulnerability Due to Certain Concentrations

The Partnership's sole asset is a 30-unit apartment building (the "project"). The project's operations are concentrated in the multifamily real estate market. In addition, the project operates in a heavily regulated environment. The operations of the project are subject to the administrative directives, rules, and regulations of federal, state, and local regulatory agencies, including, but not limited to, MSHDA. Such administrative directives, rules, and regulations are subject to change by an Act of Congress or an administrative change mandated by MSHDA. Such changes may occur with little notice or inadequate funding to pay for the related cost, including additional administrative burden, to comply with a change.

Note 7 - Contingencies

The Partnership's low-income housing tax credits are contingent on its ability to maintain compliance with applicable sections of Section 42. Failure to maintain compliance with occupant eligibility and/or unit gross rent, or to correct noncompliance within a specified time period, could result in recapture of previously taken tax credits plus interest. In addition, such potential noncompliance may require an adjustment to the contributed capital by the Limited Partner.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Partners
Oliver Gardens Limited Dividend Housing
Association Limited Partnership

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Oliver Gardens Limited Dividend Housing Association Limited Partnership, MSHDA Development No. 3007 (the "Partnership"), which comprise the basic balance sheet as of December 31, 2019 and the related basic statements of operations, partners' deficit, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated February 24, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Partnership's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Partnership's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Partnership's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including compliance with specific provisions of the MSHDA Regulatory Agreement, MSHDA directives, HUD regulations, HOME requirements, and MSHDA Multifamily Audit Guidelines, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have compared the December 31, 2019 monthly income and expense (MIE) report submitted to MSHDA with balances in the financial statements for the year ended December 31, 2019, audited by us and covered by our report dated February 24, 2020. The account balances set forth therein are in material agreement (defined by MSHDA as differences not exceeding 10 percent and \$3,000).

To Management and the Partners
Oliver Gardens Limited Dividend Housing
Association Limited Partnership

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Partnership's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Partnership's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
